- 'Big Dave's been the quintessential behind-the-scene bluesman. He's done more to shape the Western Canadian Blues scene than perhaps any other artist'.

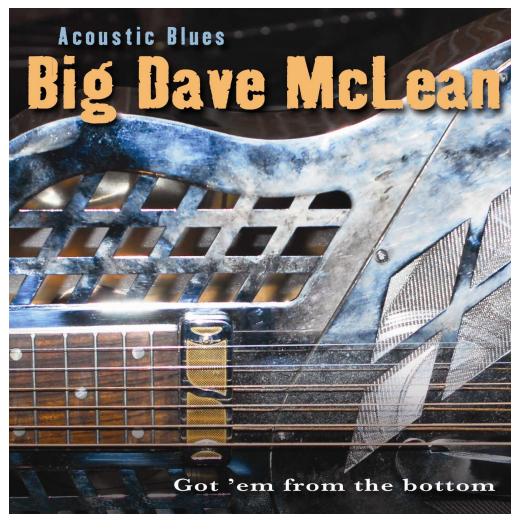

Billboard

- ACOUSTIC BLUES - GOT EM' FROM THE BOTTOM is his fifth release. His two previous, highly acclaimed, Stony Plain titles have won Western Canadian Music Awards and earlier this year Dave won a Maple Blues Award for his lifetime contribution to the blues. Dave's latest includes mostly acoustic performances of original material plus covers from Muddy Waters (his mentor), Lightnin' Hopkins and Barbeque Bob.
- A masterful guitarist and top notch harpist, Dave's raw and gravelly vocals bespeak of a life lived to the fullest, and a career spent performing countless gigs. One of Canada's hardest working blues artists, last fall's coast-to-coast Canadian tour included over 60 dates in as many days.
- 'Big Dave McLean is one of those musicians who has dug a deep trench across this country and he's the man who has been the heart of the blues scene for close to four decades. He's the real deal, a blues singer armed with a voice that could give a miles' worth of boxcars rumbling through the Winnipeg train yards a run for their money.'

Peter North from the liner notes.
