“Sunny And Her Joy Boys offer a delightful trip through the Great American Songbook. Sunny Crownover is a vocalist with a real feel for the material. The participation of Duke Robillard and Billy Novick is always a guarantee of first rate quality.” — Bob Porter

Award winning guitarist Duke Robillard has travelled the world over for the last 40 years playing his special blend of blues and classic jazz. He’s recorded with, played with, or produced many of the most important artists of the last several decades, including Bob Dylan, Tom Waits, Ruth Brown, Johnny Adams, Jay McShann, Jimmy Witherspoon, and the Fabulous Thunderbirds. With 20 albums under his own name and many more as guitarist with countless artists, Duke has achieved what many only dream of, having worked with many of his legendary musical heroes.

This is a project that has been in the back of his mind since he heard Ivie Anderson, Helen Humes and Billie Holiday nearly 40 years ago. It celebrates the rich era of women song stylists from the 30’s to the 50’s—women who brought poise and class to the great American songs of the time, and who interpreted the best lyrics of the American master songwriters with depth, sincerity, and a personal flair that’s all but forgotten today.

The CD also features bonus video content. This enhanced CD includes a video of “You’re My Thrill” that will play on most computer systems.
