

Jeff Healey and The Jazz Wizards "BEAUTIFUL NOISE" DVD

Originally recorded for Canadian TV in 2006, Healey leads The Jazz Wizards in a stellar performance.

Originally recorded for the TV show "A Beautiful Noise" (Toronto - January 2006), this program includes additional interview and musical footage.

Healey, playing trumpet and guitar, leads his excellent band The Jazz Wizards, which he formed in 2001, forward into musical history. As always, he delivers jazz from the past with humour, respect for the tradition, and a contemporary attitude.

Healey gained worldwide fame as a stunningly original rock/blues guitarist. His passion, however, was the infectious and joyful music from the classic jazz era - the days when Jelly Roll Morton, King Oliver, Louis Armstrong and Bix Beiderbecke ruled the music world.
