

THE DUKE ROBILLARD BAND

Independently Blue

with special guest Monster Mike Welch

“Duke has unwaveringly followed his own road as an artist, pursuing his personal vision of excellence and creativity wherever it has taken him, albeit always by the guiding light of his North Star—the blues. Which makes *Independently Blue* both an apt title for this new collection of songs, and a colorful description of Duke himself.”

Ted Drozdowski

For over four decades, Duke Robillard has been one of the most respected blues and roots-music guitarists working today. This release shows endless creativity in bringing new ideas to blues forms. Fellow New England guitar hero Monster Mike Welch is an important contributor providing Duke with a daredevil foil on all tracks.

Duke has worked with Bob Dylan, Tom Waits, Roomful Of Blues, Fabulous Thunderbirds and dozens of blues legends. He has been nominated for two Grammy Awards.
